Gina Marie Stone Jorge if you could share this to my page and make public, I would really appreciate it. We're going to bring this to court. They are trying to cover their asses

Artie Gierald Poor Rae, Jorge you are a wonderful neighbor for making this video, I know Gina is grateful!

Charlene Vanness Thank you Jorge for the video's. You are a great neighbor and I wish there were more people like you out there. Cops shooting dogs has become epidemic and I fear for every dog out there, especially bully breeds. Take care of yourself and your beautiful pup!

Jorge Duarte Thanks but I'm just a regular guy doing what is right and not to be in given all this grace, the fact of the matter is that pits get a bad rep and because of that the police think they can get away with shooting or killing them and simply saying "oh that was coming at me" and well it needs to stop and it's not gonna stop unless people speak up so just make sure if anyone ever sees something like this going down make sure you get your phone out and document it.

Jorge Duarte Well there was another neighbor two houses down that came out not 2 minutes after it all happened so we should get her info too because there were a few more neighbors out after it all went down and if they can verify that they didn't call anything in then they can't prove anyone called it in

Kimber Miller Thanks Kathy. Ya I know Apollo and Geist and Shane...tragically the list can go on and on. Getting this canine police brutality out on fb is so affective. We must as a society refuse to accept police killing our pets!!

Ang Raymer Brown Police came to my house and my pibble was outside so i picked it up and took it inside. He asked if he was aggressive and I said no he's only 7 months old but I am not taking a chance that you will shoot him if he barks or something. I don't think that he believed me but he's not aggressive at all to anything.
